

God's Law

[Intro]

God's law

God's law

Oh, how I love Your law

Write it on my heart

Write it in my mind

[Verse 1]

Your perfect law revives the soul

Your wisdom makes the simple wise

It opens up my heart to truth

And brings Your light before my eyes

More precious than the finest gold

Sweeter than the honeycomb

Your commandments light the path

That leads Your children safely home

[Chorus]

Oh, how I love Your law

I think upon it all the day

Your commandments teach me wisdom

And guide me in Your way

How can I say I love You, God

Then turn from what You say?

Oh, how I love Your law

Teach my willing heart to obey

[Hook]

God's law

God's law

Oh, how I love Your law

Write it on my heart

God's law

God's law

Oh, how I love Your law

Write it in my mind

[Verse 2]

No other gods shall take Your place

No idol take the praise You claim

I'll honor father, honor mother

And speak with reverence of Your name

God's Law

No murder, theft, or faithless love
No falsehood spoken to deceive
No coveting my neighbor's gifts
Lord, teach my heart to give, not seize

[Chorus]

Oh, how I love Your law
I think upon it all the day
Your commandments teach me wisdom
And guide me in Your way
How can I say I love You, God
Then turn from what You say?
Oh, how I love Your law
Teach my willing heart to obey

[Hook]

God's law
God's law
Oh, how I love Your law
Write it on my heart
God's law
God's law
Oh, how I love Your law
Write it in my mind

[Ten Commandments Refrain]

You alone are God—no idols stand
I'll honor Your name as You command
I'll keep Your Sabbath, seventh day
I'll honor my parents all my days
I'll cherish life, be faithful too
I will not steal; I'll speak what's true
What others own, I will not seek
Your Ten Commandments I will keep
God's law
God's law
Good and true
Ten Commandments come from You

[Verse 3]

Remember now the Sabbath day
The seventh day You sanctified

God's Law

A holy time that You have blessed
To lay my daily work aside
Jesus called Himself its Lord
And kept the Sabbath faithfully
A day to rest and worship You
A sign between my God and me

[Sabbath Hook]

Your Sabbath
Your holy day
A gift of rest and love
I'll honor You this way

[Bridge]

Your law cannot erase my sin
Christ's blood must cleanse me from within
But grace does not make wrong things right
It teaches me to walk in light
I do not earn eternal life
It comes through Jesus' sacrifice
Your Spirit helps my heart obey
And live the love Your laws display

[Final Chorus]

Oh, how I love Your law
I think upon it all the day
Your commandments teach me wisdom
And guide me in Your way
Because I love You, Father God
I cherish what You say
Oh, how I love Your law
Teach my willing heart to obey

[Outro]

God's law
God's law
Oh, how I love Your law
Write it on my heart
Write it in my mind
