

God is a Family

[Intro]

God is a family
And He is calling you
God is love, God is life
And He is making all things new

[Verse 1]

Before the world and human race
The Father and the Word had planned
To make mankind in Their own image
And place the earth within our hands

God is a family, God is a family,
God is a family, God is a family,
Welcome to the family
The family of our God
The family of the living God

We were not made to live and die
And disappear forevermore
God made us for eternal life
To enter through His family door

[Pre-Chorus]

The Father sent His firstborn Son
To show us what we can become
Jesus opened up the way
For us to share His endless day

[Chorus]

God is a family
And He is calling you
To share His life eternally
When He makes all things new
The Father and His holy Son
Are bringing children into glory
God is love, God is life
God is a family

[Hook]

God is a family
And He is calling you
God is love, God is life
And He is making all things new

God is a Family

[Verse 2]

Christ rose to life beyond the grave
To die no more, with power to save
The Firstborn from among the dead
The living body's holy Head

God is a family, God is a family,
God is a family, God is a family,
Welcome to the family
The family of our God
The family of the living God

Those led by God's own Spirit now
Are children learning to obey
Preparing for the resurrection
And the birth of endless day

[Chorus]

God is a family
And He is calling you
To share His life eternally
When He makes all things new
The Father and His holy Son
Are bringing children into glory
God is love, God is life
God is a family

[Bridge]

The Spirit is not a third God
Beside the Father and the Son
Their holy presence lives within us
Their Spirit makes the family one

Christ will bring His many brethren
Into glory at His side
Raised immortal, bearing His image
In His family, glorified

[Breakdown]

God is our Father
Jesus is His Son
Christ is the Firstborn
He brings us home as one

God is a Family

Children from every nation
Raised when His Kingdom comes
One God, one truth, one purpose
One family joined in love

[Final Chorus]

God is a family
And He is calling you
To share His life eternally
When He makes all things new
The Father and His holy Son
Are bringing children into glory
God is truth, God is love
God is a family

God is a family, God is a family,
God is a family, God is a family,
Welcome to the family
The family of our God
The family of the living God

[Hook]

God is a family
And He is calling you
God is love, God is life
And He is making all things new

[Outro]

God is
God was
God always will be
The Father, the Son
And children sharing life eternally
God is building His family
For all eternity
With God the Father and Jesus Christ
And you and me,
