

God Listens

[Intro]

God listens

God listens

When I call out to my Father hears

God listens and

I can bring Him all of my cares

[Verse 1]

When words are hard for me to find

And troubled thoughts consume my mind

When all I have is one small prayer

I know that God is listening there

He hears the whisper in the night

He hears me asking for His light

He knows before my words begin

I bring my honest heart to Him

God listens and He cares

He hears all of our prayers

When they come from the heart

Then you are holy and God sets you apart

[Chorus]

God listens when I pray

He hears each word I say

When no one else can understand

He takes me by the hand

God listens night and day

He is never far away

I call upon Him through His Son

And trust His perfect will be done

God Listens

[Hook]

God listens

God listens

When I call out to my Father hears

God listens and

I can bring Him all of my tears

[Verse 2]

The answer may not come today

Or come in quite the way I pray

But God can see what lies ahead

And I can trust the words He said

Sometimes the answer may be wait

Sometimes He opens up the gate

Sometimes He gives me strength to stand

Instead of changing what He has planned

God listens and He cares

He hears all of our prayers

When they come from the heart

Then you are holy and God sets you apart

[Instrumental Solo]

[Chorus]

God listens when I pray

He hears each word I say

When no one else can understand

He takes me by the hand

God listens night and day

He is never far away

I call upon Him through His Son

And trust His perfect will be done

God Listens

[Verse 3]

I pray to God to fill me up with
His Holy Sprit from above
Overflowing and pouring over me
Thru my own spirit and God in me
Now I can approach my Father
Thru my Lord Jesus Christ

And Jesus will fill up my life
And He guides me in the way
that leads to eternal life
Only thru the name of Jesus
God listens and He cares

God listens and He cares
He hears all of our prayers
When they come from the heart
Then you are holy and God sets you apart

[Bridge]

Christ sits beside the Father's throne
Through Him I need not pray alone
God's Spirit helps me when I'm weak
And helps me pray when I can't speak

So I will ask, and I will seek
I will keep knocking faithfully
My Father's answer will be right
For He can see beyond my sight

God listens and He cares
He hears all of our prayers
When they come from the heart
Then you are holy and God sets you apart

God Listens

[Final Chorus]

God listens when I pray
He hears each word I say
Though I may wait upon His will
I know He hears me still
God listens night and day
He is never far away
I call upon Him through His Son
And place my life within His hands

[Hook]

God listens
God listens
When I call out to my Father hears
God listens and
I can bring Him all of my fears

[Outro]

God listens and He cares
He hears all of our prayers
When they come from the heart
Then you are holy and God sets you apart
